May 5, 2016

Dear Parent or Guardian:

You are receiving this letter because your child failed a course. Zachary High School offers credit recovery options for students to earn required credits for failed coursework. We strongly encourage you and your child to take full advantage of this educational opportunity so that your child can stay on track for graduation. Students who do not take advantage of the summer school option will need to make up their required coursework during the 2016-17 school year in order to fulfill Louisiana's graduation requirements. Please be aware, if students do not take advantage of summer school credit recovery, their future elective options will be limited.

This year's summer school program is scheduled on the following **Wednesdays**: June 1st, 8th, 15th and 22nd. Bus transportation will not be provided. Classes will begin promptly at 8:00 a.m. and end at 11:00 a.m. **Attendance is mandatory.** Students will be responsible for completing online lessons via OdysseyWare for the remainder of the week. OdysseyWare is an online program that students can access 24 hours a day. Therefore, your child can work on assignments at any given time.

There is a **\$50 fee for summer school**. We accept cash or checks (payable to Zachary High School). Payment is due **no later than Tuesday, May 31st**.

Students will be asked to observe all school rules during summer school, and, as always, behavioral issues are unacceptable. There will be **no excused absences**. Behavioral problems or **any absences** will result in removal from the class, thereby losing the opportunity to recover the needed credit with no refund. **Students must wear uniforms and their school ID.**

The attached registration form with payment must be completed and returned to the main office. If you have additional questions regarding this specific summer school opportunity, please contact me via email at Erica.Henry@zacharyschools.org or by phone at 225-654-2776 ext. 553.

Sincerely,

Erica Henry
Assistant Principal of Instruction

Dear Parents/Guardians:

The education environment is constantly changing, and Zachary High School wants to make sure to meet your child's diverse and unique educational needs. We have three established blended learning programs (Edgenuity, Odysseyware, and Supplemental Course Academy) that incorporate the flexibility of online learning with the reliability of the traditional classroom model.

Blended learning is simply the combination of classroom education with online components to create a modern-day learning experience for students who desire educational options beyond the traditional classroom environment. Successful students are good readers, well organized, able to work alone, self-disciplined, and have decent computer skills. Needless to say, students also must be highly motivated.

We want all students who take online classes to be successful, but it is important that they and you, the parent, understand the demands of virtual courses in order for success to occur. Please realistically assess your child's suitability for online instruction. Regular access to a computer with internet is critical for successful completion of the online coursework.

ADVISEMENT FOR STUDENT ATHLETES: The National Collegiate Athletic Association (NCAA) has very strict guidelines regarding credit for courses taken online. Some online credit recovery courses **may or may not be approved** by the NCAA.

I have read and understand the information presented above and confirm that I have given careful consideration of the suitability of my child, _____, enrolling in an online course before approving him/her to do so.
